## Applications and Uses:

- ▶ Spotlights
- ▶ Recessed lighting
- ▶ Fixtures protecte from the weather
- ▶ Not for use with dimmers
- ▶ Garage
- ▶ Home
- ▶ Office
- ▶ Yard

Megalight Reflector CFLs are specifically designed to replace everyday Floodlights. Using a fraction of the energy, Megalight CFLs can save up to **\$52** in energy costs and last **4** times longer than standard Floodlights.

Megalight's Green Advantage: Megalight CFLs use 10% less energy than conventional fluorescent light bulbs and are safer for the environment. Using higher industry standards, Megalight CFLs use up to 30% less mercury than most other CFLs found in the marketplace.

Watts	Watt Equiv.	Color Temp.	Product Order Code	Lumens	Base	Rated Life (HRS)	Bulb Type	Voltage	CRI	MOL (in)	Diameter (in.)
